Numbering Head Wheel With Font Style Gothic (7)

The COUNT™ AutoPro is the solution for numbering and perforating when durability and ease-of-use are critical. The AutoPro is built with pneumatic numbering heads that vary the pressure of the head and control the striking process for the ultimate in consistency and long life. Number single sheets or crash number carbonless forms up to 10 parts. The AutoPro also features COUNT patented self-inking disposable ink cartridges – no re-inking required.

AutoPro

A top friction-feed low to high volume numbering and perforating solution.

Features

- Easily program to number, perforate or score, individually or at the same time.
- Offers a reliable bottom friction feed paper feed.
- Includes a sheet counter (for both batch and total sheet count).
- Includes reliable pneumatic, Gothic wheel reverse numbering heads – with 7 digits, 4 drop zeros and multiple repeats.
- Apply numbers virtually anywhere on a sheet – from lead edge, place numbers within 1 mm of previous number.
- Number single sheets, or crash number up to a 10-part carbonless form.
- Choice of black or red ink, in patented self-inking disposable cartridges – no re-inking required! – for approx. 25,000 impressions per cartridge.
