Vantage® Trimmers

Whether you are cutting a single sheet of paper or fifteen at a time, Dahle's Vantage® Trimmer is the perfect tool for the task. This traditional style paper cutter has many unique features that offer safety and convenience while giving you the accuracy you require.

A blade that will not stay up or falls unexpectedly can be very dangerous. The Vantage® Trimmer solves this problem with its spring action blade that remains in the up position while in use, and can be locked in the down position when the project is complete. An automatic clamp securely holds your work in place and prevents it from shifting.

The ground metal blade in combination with the automatic clamp consistently produce a clean, burr-free cut without fanning.

The trimmer is composed of a sturdy metal base that will not warp or crack. The lightweight materials make it portable enough to position anywhere. Dahle Vantage® Trimmers are available in 12", 15" and 18" cutting lengths and are a popular choice among photographers, craft enthusiasts and office professionals.

Features

- Cuts up to 15 sheets of paper at a time
- Spring action metal blade will not fall down
- Sturdy metal base with preprinted 1/2" grid
- Automatic clamp holds work securely
- Adjustable paper guide for repetitive cuts
- Sturdy metal base with preprinted guides
- Non-skid rubber feet prevents slipping

The automatic paper clamp holds work securely and prevents paper shifting.

Spring action blade returns to the up position after trimming to reduce fatigue.
