

Optical Media and Documents High Security "Energy Smart" shredder with Automatic Oiler

ProSource AB950OMP

Security level:	OPTICAL MEDIA	PAPER
Security level DIN 66399:	NSA 04-02	NSA 02-01
Throat width:	O-6	P-7
Shred size:	5.0 in	9.5 in
Practicle Disc/Paper capacity:	1.5x2.5 mm	0.8x5 mm
NSA Disc rated capacity:	up to 2,550 disc per hour	up to 14 sheets*
Speed:	1,465 discs per hour	30 ft/min
Noise level:		60 dba
Voltage:		115/60 V/Hz
Power:		2.9 Hp
Dimensions (WxDxH):		24x19.2x37.2 in.
Weight:		247 lbs.

Suitable for combined high security shredding operations of **Optical Media** (CDs, DVDs) and **confidential documents**. ProSource AB950OMP shreds 2,550 optical media disks per hour through the **special 1.5x2.5 mm. cutting system**, which is the highest security level available for optical media to meet the strictest Military and Governments shredding needs. Shreds an optical media disk into over 3,000 microchips exceeding the NSA 04-02 Optical Media Destruction Devices guidelines and the ASIO T-4 standards for highest level of destruction of Optical Media. The tiny size of the shreds doesn't allow to retrieve or read any information left on small optical media particles even with specific and dedicated electronic equipment. ProSource AB950OMP is also equipped with a second cutting system with 0.8x5 mm cut (NSA 02-01) providing high security shredding of confidential documents.

ProSource AB950OMP meets both NSA 02-01 for paper and NSA 04-02 for optical media.

ProSource AB950OMP is equipped with the **"ENERGY SMART"** system for **power saving stand-by mode** and with a powerful **24 hour continuous duty motor**.

- 2 separate sets of cutting blades: a special **1.5x2.5 mm** cutting system for Optical Media and a 2nd cutting system with a **0,8x5 mm** cut for "Confidential" documents
- **Automatic Oiler**: special integrated oiling system. Automatically lubricates the high security cutting knives during the operation of the shredder for continuous maximum shredding capacity
- **"ENERGY SMART"** management system for **power saving stand-by mode**
- **24 hour continuous duty motor** no overheatings, no duty cycles
- Heavy duty chain drive with steel gears **"SUPER POTENTIAL POWER UNIT"**
- Bin volume: 53 gallons
- **Automatic reverse** system in case of accidental jam
- Carbon hardened cutting knives
- Stacked/floating head design for increased durability and ease of service
- Steel cabinet mounted on casters
- Automatic Start/Stop through electronic eyes
- Automatic Stop when bag is full and electronic door safety switch
- Motor thermal protection
- Trade Agreement Act (TAA) Compliant

2 separated 5.0 in. and 9.5 in. entry openings for a combined high security shredding of Optical Media and paper

"AUTOMATIC OILER"
Special automatic integrated oiling system. Automatically lubricates cutting knives during the shredding operation

2 separated sets of cutting blades:
1 set dedicated to shred paper and the 2nd set for CD/DVD shredding
