

The CDS200 is a tabletop compact disc insert slitter and perforator. It can easily convert 8 1/2" x 11" sheets to two CD jewel case inserts that are cut to fit and perforate along the two side folds. The cutting blades are semi-self sharpening for years of operation without sharpening or replacement. Paper guides are adjustable. The machine cuts and perforates 24 lb bond or equivalent stock at up to 4,200 inserts per hour. Stacks up to 5/8" thick can be fed continuously.

- ✓ Cutting blades are semi-self sharpening to allow for years of operation without sharpening or replacement
- ✓ Cut and perforates up to 4,200 inserts per hour
- ✓ Continuous feeding of stacks up to 5/8" thick

#### Technical data
